Reconciling Users in Ohio SACWIS

Overview

This article describes the steps needed to complete a review of Ohio SACWIS users for an agency. We are federally mandated to ensure the highly sensitive and confidential information contained within Ohio SACWIS is accessible only to those who need it. On a biannual basis, the Bureau of Automated Systems will request your partnership to review Ohio SACWIS User Access for each user in your agency.

Generating the SACWIS User Report

The first step in the process is to run the Ohio **SACWIS User Report**.

1. Click on the **Administration** tab
2. Click on the **Reports** sub-tab
3. Select the **Report Category** of **Administration**, then click the **Filter** button.
4. Select the Ohio **SACWIS User Report**.

User Access Reconciliation

Review the generated report and complete the appropriate action below for each user in your agency:

1. If the user is still employed in the agency, but no longer needs access to Ohio SACWIS, you will need to record an end date for the employee's job and end date their employment in the Ohio SACWIS system. In addition, you will need to email your Technical Point of Contact (TPOC) informing them that the user will no longer need access to Ohio SACWIS and have the role removed.
 - a. Click on the **Administration** tab.
 - b. Click the **Staff** sub-tab.
 - c. Click on the **Maintain Staff** hyperlink in the left hand navigation bar.
 - d. Enter the **Employee ID** or search by **Last Name** and **First Name**.
 - e. Click **Search**.
 - f. Click **edit** next to the name of the employee you wish to modify.

The screenshot shows the Ohio SACWIS Administration interface. The top navigation bar includes Home, Intake, Case, Provider, Financial, and Administration (highlighted). The left navigation bar includes Staff (highlighted), Maintenance, Security, Reports, Training, and Utilities. The main content area is titled "Employee Search Criteria" and includes fields for Employee ID, Last Name, First Name, Middle Name, County, Language Proficiency, and Education Level. A "Search" button is highlighted. Below the search criteria, there is a "Name Match Precision" section and a "Sort by" dropdown menu. The search results table shows one result for Administrator, Aubrey / 459K, with an "edit" link highlighted.

Troubleshooting

In the instance where validation messages are encountered when attempting to terminate an employee record, please follow the applicable step below:

Terminating a Supervisor in Ohio SACWIS

If you attempt to terminate the employment record of a supervisor who has individuals listed as current employees under them, the system will display a validation message. The following steps should be followed to avoid this. You may want to screen shot or write down the list of names that appear in this validation to ensure you complete this step for each person.

1. Navigate to the **Maintain Staff** page as directed above.
2. Enter in the employee name of the individual who will require a new supervisor.
3. Click **Search**.
4. Select **edit** next to the employee's name to modify.
5. Click **edit** on their **Current Job** entry.
6. On Job Details page, navigate to supervisor drop down and make an alternate selection.
7. Click Save
8. Repeat this process for each employee who reports to the supervisor being terminated.

to the case. To correct this validation, follow these steps after taking a screen shot or writing down the names of the Case/Case ID that need reassignment:

1. Navigate to the **Home** tab.
2. Click on the **Assignments** sub-tab.
3. Click the plus button next to the Employee's name to display their workload.
4. Check the box next to the case which needs reassignment
5. Click **Assign** at the bottom of the screen.

Changing a Case or Provider Activity Log from Draft to Completed

If an employee being terminated has Draft activity logs on a Case or Provider ID, the system will present a validation message stating that these must first be placed in Completed status prior to Employee termination.

Reconciling Users in Ohio SACWIS

If the worker has already left the agency, to correct this error for Case activity logs, you must be the assigned supervisor of the worker being terminated or assigned to the case. Write down the Case Name/IDs from the validation message or take a screen shot, then follow these steps:

1. Navigate to the Case or Provider ID where the Draft activity log is located.
2. Select the **Activity Log** left hand navigation link.
3. Click on **edit** next to the activity log in Draft status.
4. Choose **Completed** in the **Activity State** field.
5. Click **Save**.
6. Repeat this process for each Case or Provider ID containing Draft activity logs composed by the employee being terminated. If edit access is not available to anyone and the logs cannot be completed within your agency, follow the steps below to request a data fix.

If there are draft Provider Activity Logs remaining for the terminated individual and they can no longer access the system, your agency's Ohio SACWIS liaison must contact the Automated Systems Help Desk and request a data fix to place the provider activity logs from Draft to Completed status. Please include the Employee ID of the individual who was terminated and all the Provider Names/ID (or Case Names/ID) where the draft activity logs are located.

If you need additional information or assistance, please contact the OFC Automated Systems Help Desk at SACWIS_HELP_DESK@jfs.ohio.gov .
