# Recording a Living Arrangement

## Overview

This article explains how to document when a child is living outside of their home but remains in the custody of their parent/guardian. This is different from the Legal Guardianship record.

For more information on Legal Guardianship, please refer to the Knowledge Base Article “Recording a Legal Guardianship / Custody Record”.

### Important:

- Ohio SACWIS users are strongly encouraged to use **Recording a Living Arrangement** functionality so a youth’s location can be properly documented.
- To complete the process of recording case services (paid and unpaid) for the caretakers / caregivers of the **Living Arrangement**, you will need to **add case services for the caregivers / caretakers and/or case members**. For additional information on how to do this, please refer to the **Managing Case Services** Knowledge Base Article.
- At the end of this Knowledge Base Article, there is a **Generating Reports** section that discusses how to run related **Children in Living Arrangement** reports that can be attached to a Case Plan (if needed) or submitted to the court (if requested).

## Navigating to the Living Arrangement Information Screen

Complete the following steps to record a **Living Arrangement**:

1. From the Ohio SACWIS **Home** screen, click the **Case** tab.
2. Click the **Workload** tab.
3. Select the appropriate **Case ID** link.

**Note:** If you know the **Case ID** number, you can also use the **Search** link at the top of the **Home** screen and navigate to the **Case Overview** screen.

4. On the **Case Overview** screen, click the **Living Arrangement** link in the **Navigation** menu.

The screenshot shows the 'Case Overview' screen. The 'Case' tab is highlighted in the top navigation bar. Below it, the 'Workload' tab is also highlighted. The left sidebar contains a list of links, with 'Living Arrangement / Guardianship' highlighted. The main content area displays case information for 'Simpson, Homer / 61912831'. The 'Assess/Invest' status is 'Open (10/20/2022)'. The 'ADDRESS' field is empty, and the 'CONTACT' field is empty. The 'AGENCY' is 'Ohio Child Welfare Agency'. The 'PRIMARY WORKER' is 'Assign Primary Worker'. The 'SUPERVISOR(S)' field is empty. Below the case information, there is a 'Case Actions' section with a link to 'View Case Information'. A message states: 'One or more active case members under age 22 is missing ICWA information in Person Demographics'. At the bottom, there are four tabs: 'Action Items', 'Case Alerts', 'Dashboard', and 'Assignments / Eligibility'. The 'Action Items' tab is selected, showing 'No Action Items Found'.

The **Living Arrangement Records** screen appears.

5. In the **Child's Name** field, select the appropriate child. (Required)

**Note:** The **Child's Name** field displays all case members (active and inactive).

6. Click the **Add Living Arrangement** button.

The screenshot shows the 'Living Arrangement Records' screen. The 'Living Arrangement' tab is selected. The 'Legal Guardianship/Custody' tab is also visible. The 'Living Arrangement Filter Criteria' section includes fields for 'From Begin Date', 'To Begin Date', 'Child's Name', 'Created in Error', and 'Sort Results By'. The 'Child's Name' field is set to 'Simpson, Bart : 01/01/2012'. The 'Created in Error' field has radio buttons for 'Exclude' and 'Include'. The 'Sort Results By' field is set to 'Begin Date (Descending)'. Below the filter criteria, there is a 'Filter' button and a 'Clear Form' button. The 'Living Arrangement Records' table is empty, showing 'No Result Found!'. At the bottom, there is a 'Child's Name' field with a dropdown menu showing a list of children: 'Simpson, Bart : 01/01/2012', 'Simpson, Lisa : 01/01/2014', 'Simpson, Marge : 01/01/1985', and 'Simpson, Homer : 01/01/1980'. The 'Add Living Arrangement' button is highlighted in a red box.

### Completing the Living Arrangement Information Screen

1. In the **Begin Date** field, enter the appropriate date.

**Note:** The **Begin Date** field can be back-dated, but not future dated. The system uses the begin date for validation purposes as explained later.

2. In the **Living Arrangement Type** field, select the appropriate type from the drop-down list. If needed, refer to the additional information below.

### Important Information about the Living Arrangement Type Field

- As shown in the chart below, the **Living Arrangement Types** are either Person based or Provider based:

Living Arrangement Type Chart	
Person Based	Provider Based
Kinship Care – Relative Home	Foster Care
Kinship Care – Non Relative Home	Hospital/Nursing Home

	Child's Residential Center (CRC)
	Group Home
	Dept of Youth Services (DYS)
	Independent Living

- The selection made in the **Living Arrangement Type** field determines what information appears in the **Caretaker Information** section of the screen (i.e., Person based or Provider based).
- If any of the three **Person Based** values are selected, the **Caretaker Information** grid displays a **Relationship to Child** field and a **Role** field for each Caretaker. After the **Add Caretaker** button is clicked, drop-down boxes appear for **Relationship to Child** and **Role** fields. These two fields are discussed in more detail below. (If **Provider Based** values are selected, these fields will not appear.)

- Only one current Living Arrangement record can exist at a time per child. A child can have multiple Living Arrangements, but the dates cannot overlap.
- If the selected Caretaker (any Role) is an Active provider member of an Active (status) Home provider, upon saving a Living Arrangement record, the following notification will be sent to all assigned workers, the provider, and their supervisors stating:

**<Person First Name and Last Name; Person ID> associated to <Provider ID(s)> has been identified as a Living Arrangement Caretaker for <Child First Name and Last Name; Person ID>. Please add this child as a member of this provider.**

## Recording a Living Arrangement

### Important Information When Selecting the Child of a Minor Parent

- If the **Child of Minor Parent** value is selected from the Person-based values, then only the values of **Mother Holds Custody**, **Father Holds Custody**, or **Both Mother and Father Hold Custody** can be selected in the **Who Holds Legal Responsibility** field (discussed below) and validated upon save.
- If the **Child of Minor Parent** value is selected and the **Caretaker** is in a placement setting as of the Living Arrangement begin date, the address displayed will be the provider's primary address associated with the current placement setting (as of the system date or as of the Living Arrangement end date, if ended).
- When the child of a minor parent appears in two cases, the Living Arrangement record should be added on the parent's case in which the child of a minor parent is an active member.
- If the **Child of Minor Parent** value is selected, then upon Save, the system validates that at least one Caretaker has been selected and that minor parent is in a placement setting as of a Living Arrangement begin date.
- For additional information on the Living Arrangement Type **Child of Minor Parent**, please refer to the **Generating Payments and Medicaid for the Child of a Minor Parent** Knowledge Base Article.

### Continuing with the Process in Ohio SACWIS

1. In the **Who Holds Legal Responsibility** field, select the appropriate value.

3. Click the **Add >** button. The selection moves to the "selected" field on the right.
4. If you added an incorrect person, click the name to highlight it and click the **< Remove** button. The name moves back to the "select" field on the left.

### Note:

- The drop-down list contains the names of all active and inactive case members, as well as the associated case members.
- There is no limit to how many people can be added to the **Caretaker Information** section, but at least one person must have the **Role** of **Caretaker**.
- Additional people in the household can be added to the **Caretaker Information** grid at your agency's discretion.
- As mentioned previously, if you select any of the three **Person Based** values shown in the **Living Arrangement Type Chart**, the **Caretaker Information** grid appears (once the caretaker name is selected) displaying a **Relationship to Child** field and a **Role** field. If a **Provider Based** value is selected, neither of these fields appear in the grid.

incorrect), you can either end date the record and include the end reason, or mark the record as **Created in Error**.

If you enter a new record, you can use the **Copy** link (discussed below) or follow the steps previously discussed to select the child's name in the **Child Name** field (**Living Arrangement Records** screen).

### Living Arrangement Error Messages

When data on the **Living Arrangement Information** screen is saved, Ohio SACWIS validates that the information is accurate and (if needed) provides instructions on what must be corrected to save the record.

The following are Ohio SACWIS error messages that could appear:

**A) The Child has a current Living Arrangement. You must end date the current Living Arrangement before adding a subsequent Living Arrangement record.**

This message appears when a current Living Arrangement Record exists for a child and you attempt to create a new Living Arrangement Record where the new Living Arrangement record's begin date starts after the begin date of the current Living Arrangement record.

**B) The Living Arrangement begin date or end date cannot overlap a custody episode record.**

This message appears when a Living Arrangement record time period overlaps a custody episode record for the child.

**C) The Living Arrangement begin date or end date cannot overlap a placement record.**

This message appears when the child has a current open Placement Record, so you cannot create a Living Arrangement.

**D) The Living Arrangement begin date or end date cannot overlap an initial removal record.**

This message appears when the child has a current open Initial Removal Record, so you cannot create a Living Arrangement.

**E) The Living Arrangement begin date or end date cannot overlap a Child Legal Status record.**

This message appears when the child has a current open Child Legal Status Record, so you cannot create a Living Arrangement.

## Recording a Living Arrangement

**F) The child must be an active case member as of the Living Arrangement begin date.**

This message appears to show that the child was an active case member at the time of the begin date, so you cannot create a Living Arrangement.

**G) The selected members in the Who Holds Legal Responsibility must be an active case member(s) as of the Living Arrangement begin date.**

This message appears to show that the selected members in the **Who Holds Legal Responsibility** field were active case members at the time of the begin date, so you cannot create a Living Arrangement.

**H) The Living Arrangement begin date or end date cannot overlap a custody episode record.**

This message appears to show that the child has an active custody record at the time of the begin date, so you cannot create a Living Arrangement.

### End Dating a Record

If any Living Arrangement information has changed after a record was saved, you will need to do one of the following:

- Enter the **End Date**, as well as an **End Reason**.
- OR
- Click the **Created in Error** check box to create a new Living Arrangement record.

### Important Information When End Dating a Living Arrangement

- A Living Arrangement should be end dated when it is no longer valid.
- If the child is only active in one case, then a Living Arrangement must be Closed in order to Close the case.
- A Living Arrangement record can only be marked as **Created in Error** if that Living Arrangement falls within the most recent case episode.
- After end dating the Living Arrangement, the **End Date** field and **End Reason** field are frozen. However, the **Created in Error** field and the **Comments** field remain enabled.
- After a Living Arrangement record is marked as **Created in Error**, the record becomes frozen.

## Recording a Living Arrangement

- If an end date is entered, an end reason is required. Likewise, if an end reason is entered, the end date is required.
- If the end date is removed, the system will remove the end reason.
- The end reason of **Provider Closed** or **Moved from Treatment Setting** cannot be selected when the Caretaker is Person-based.
- If the end reason is **Case Closure**, the **Narrative** field is required.

## End-Dating a Living Arrangement
