# Entering Client Benefits

## Overview

Agencies can record benefits received on behalf of a child while the agency is responsible for the child’s placement and care. This article provides step-by-step instruction for entering those benefits in Ohio SACWIS.

## Navigating to the Screen

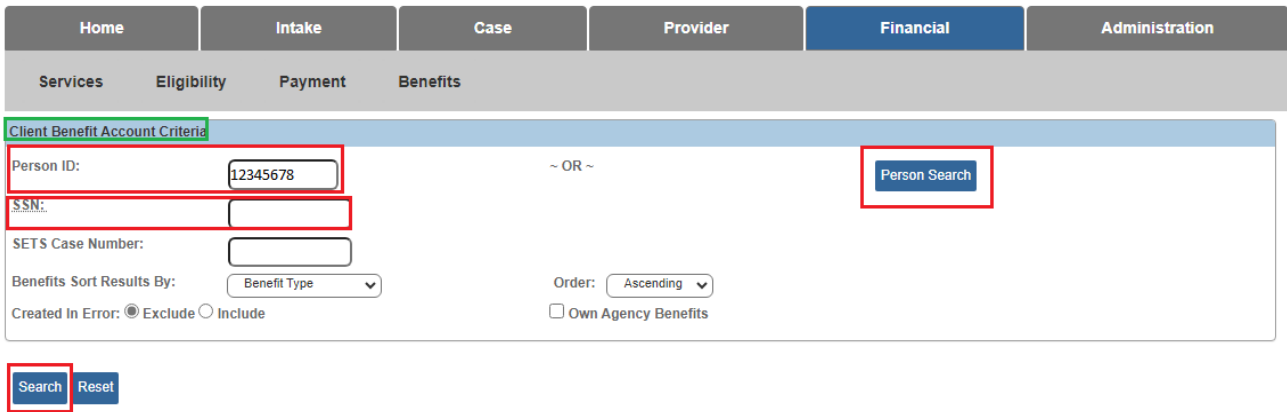

1. On the Ohio SACWIS **Home** screen, click the **Financial** tab.
2. Click the **Benefits** tab.

The **Client Benefit Account Criteria** screen appears.

3. In the **Person ID** field, enter the appropriate ID number.
4. Or, use the **Search Person** button or **SSN** field to locate the child.
5. Click the **Search** button.

**Note:** If you use the Search Person button, please see Using Search Functionality KBA for more information regarding person search.

The result appears in the **Client Benefit Account Search Results** grid.

## Adding an Account

**Important:** The benefit type of: “SSI in excess of FCM” has been added to allow agencies to record the receipt of SSI funds that are in excess of the Foster Care Maintenance amount.

The only time you will set up an account is when you are making an application for the child’s benefits or when the child is already in receipt of benefits.

## Entering Client Benefits

1. If the child has no benefits, click the **Add Account** button.

### Client Benefit Account Criteria

Person ID:  ~ OR ~

#### Accounts

Type	Account/Claim Number	Application Date	Effective Date	Amount	Rejection Date	Closing Date	Created In Error
<input type="button" value="Add Account"/>							

The **Client Benefit Account Details** screen appears.

2. In the **Benefit Type** field, select the appropriate benefit from the drop-down list.
3. If applying for benefits, enter a date in the **Application Date** field.
4. If you know the amount expected, enter the number in the **Expected Amount** field.
5. If the child is already in receipt of benefits, enter a date in the **Effective Date** field.  
**Note:** The effective date is the date when the agency will begin receiving the benefits.  
**Important:** When adding an account, you must enter an effective date, or the **Add Benefit** link will not appear in the grid once the record is saved.
6. If an application for benefits was made but the benefits were rejected, enter the date in the **Rejection Date** field.
7. If the child is in receipt of benefits but the benefits are ending, enter a date in the **Closing Date** field.
8. If needed, enter comments in the **Description** field.
9. Click the **Save** button.

Spell Check Clear 600

4. Save Cancel
- Important:** If the child already has benefits, click the **edit** link in the appropriate row in the **Accounts** grid and update the fields as discussed above.

**Accounts**

	Type	Account/Claim Number	Application Date	Effective Date	Amount	Rejection Date	Closing Date	Created In Error
<span style="border: 1px solid red; border-radius: 50%; padding: 2px;">edit</span> <a href="#">add benefit</a>	Child Support			01/01/2021	\$50.00			

Add Account

- Important:** If the benefit was created in error, click the **edit** link in the appropriate row in the **Accounts** grid and mark the **Created In Error** check box.
- If you check the box, you must enter content in the **Error Comments** field.
  - When you mark a record created in error, Ohio SACWIS removes it from the grid, unless you click the **Include Created in Error** radio button and then the **Search** button. (See the **Filtering Client Benefit Information** sub-section for more information.)
  - Once a benefit is saved, it can't be deleted. It can only be marked created in error.

## Filtering Client Benefit Information

On the **Client Benefit Account Criteria** screen, Ohio SACWIS allows you to filter client benefit information in different ways. For a list of filter options, click the **Benefits Sort Results By** drop-down menu.

If you filter by **Benefit Type**, the system displays all the payments by the first selected type and then all the payments by the second selected type. For example, all the payments associated with child support appear first, followed by all payments associated to SSI.

If you filter by **Claim Number**, all the payments associated with the first claim number display; then all the payments associated with the second claim number display.

You can also filter by order, such as **Ascending** or **Descending** (default).

**Note:** If you do not apply a filter, the system sorts by payment begin and end date in descending order.

If you want search results to include **Created in Error** records, click the **Include Created in Error** radio button; the default setting is to exclude those records. Use the appropriate sort fields to view client benefits.

1. Select the **Include** radio button.
2. Click the **Search** button.

# Entering Client Benefits

Home	Intake	Case	Provider	Financial	Administration

<input type="button" value="Search"/> <input type="button" value="Reset"/>					

Once filtered, the system displays a **Yes** in the **Created in Error** column in the **Benefits** grid, as shown in the graphic below.

Benefits										
	Type	Claim Number	Agency	Transaction Type	Transaction Date	Total Amount	Per Diem Amount	Payment Begin Date	Payment End Date	Created In Error
<a href="#">view</a>	Child Support		County Children Services Board	Deposit	01/01/2023	\$200.00	\$200.00	01/01/2021	01/01/2021	Yes

## Calculating Client Benefits

Below are some examples of how the system calculates client benefits:

**Important:** Once a benefit is saved, it can only be marked, created in error; it cannot be deleted.

### Per Diem Rate

To determine the per diem rate, the system takes the total payment amount (\$100) and divides it by the number of days between the payment begin and end date (\$100 / by 31 days).

The screen displays \$3.23 (the rounded amount), but the actual system calculation takes the number out six decimal places to 3.225806.

Benefits										
	Type	Claim Number	Agency	Transaction Type	Transaction Date	Total Amount	Per Diem Amount	Payment Begin Date	Payment End Date	Created In Error
<a href="#">edit</a>	Child Support		County Children Services Board	Deposit	01/01/2021	\$100.00	\$3.23	01/01/2021	01/31/2021	

# Entering Client Benefits

## Reimbursements

When the system calculates benefits for the reimbursement process, it uses the following business rules. If the benefit type is:

- **Child Support:** No offset occurs in Ohio SACWIS (The offset takes place by the child support agency).
- **SSI:** Ohio SACWIS does not reimburse maintenance but does reimburse administration.
- **Parental Contribution, SSA, Stipend, or Veterans Benefits:** Ohio SACWIS subtracts the daily benefit amount from the maintenance per diem. The amount is then multiplied by the number of reimbursable days in the claim period. That result is then multiplied by the FMAP rate in effect for the claim period.

Here is an example of how Ohio SACWIS determines a reimbursement rate:

- Total Maintenance Paid = \$765.00
- Divided by Number of Days in Claim Period = 30 (the maintenance amount = \$25.50)
- Subtract the *per diem* benefit amount (18.266666) from the \$25.50 maintenance amount

The result equals 7.233334

- Multiply 7.233334 by the number of reimbursable days (30). The result is 217.
- Multiply 217 by the FMAP for the claim period (in this example, it's .6415), which is the total maintenance reimbursement after all benefits have been applied. The result is the total amount of reimbursed maintenance (\$139.21).

**Note:** The outlined example, in the graphic below, was typed into the report and will not appear on your report:

8	Comment	Total Paid	Maintena	Admin. Cc	Total Othe	Total Paid Amount	Reimbursed U	Total Reimbu	Total Rein	Training IV	Training IV	Training S	Stimul
