# Identifying Duplicate Persons in Ohio SACWIS

## Overview

This knowledge base article discusses how to use the **Identify Duplicate Person** functionality in Ohio SACWIS to locate potential duplicate person records, research each person's information, and exclude the duplicated records from future searches.

**Important:** Reference the **Merging Duplicate Persons** Knowledge Base Article for specific steps to complete a person merge.

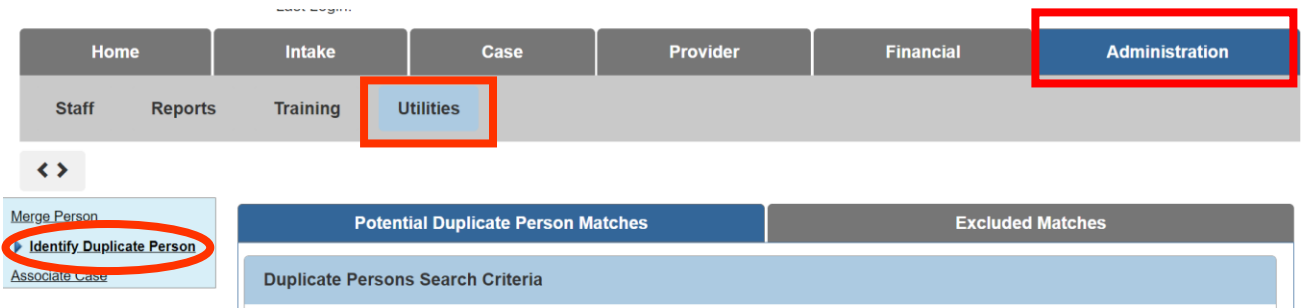

## Assigning a Security Profile

Prior to using this functionality, your agency must complete the following security steps to give you or other users the appropriate access rights:

1. Search for the existing user group called **Person Merge Administrator**.
2. Assign the **Person Merge Administrator** user group to the required user(s).

## Locating the Duplicate Person Records

1. On the Ohio SACWIS **Home** screen, click the **Administration** tab.
2. Click the **Utilities** tab.
3. Click the **Identify Duplicate Person** link in the **Navigation** menu.

The **Duplicate Persons Search Criteria** screen appears.

Complete the following fields:

4. In the **Agency** field, select the appropriate agency. (Your agency defaults and may not be changeable.)
5. In the **Begin Date** field, enter the appropriate date.
6. In the **End Date** field, enter the appropriate date.

7. In the **Match Score** field, select the appropriate number.

**Important:** As shown in green below, if you hover your cursor over the , the following explanation message appears:

Matches are scored based on similarities in data on both person records. A higher score indicated that there is a greater likelihood that person records are genuine duplicates. Regardless of the score, please confirm that the person records are genuine duplicates prior to completing a person merge.

8. If needed, select a name from the **Duplicates Created By** field drop-down list to narrow your results.

9. Click the **Search** button.

Matches are scored based on similarities in data on both person records. A higher score indicated that there is a greater likelihood that person records are genuine duplicates. Regardless of the score, please confirm that the person records are genuine duplicates prior to completing a person merge.

## Merging Duplicate Person Records

After identifying the duplicate person records using the report, if you determine that two person records do need to be merged, complete the following steps:

1. In the **Duplicate Persons Search Results** section, select the **Merge** link in the appropriate row.

The screenshot displays the 'Duplicate Persons Search Results' interface. On the left is a navigation menu with options like 'Merge Case', 'Identify Duplicate Person', 'Associate Case', 'Maintain PSA', 'AP Workload', 'Restrict Case/Intake', 'Geographical Designations', 'Case Closure', 'Non ODJFS Provider Merge', and 'AFCARS'. The main area is titled 'Potential Duplicate Person Matches' and 'Excluded Matches'. Under 'Duplicate Persons Search Criteria', there are fields for Agency (Ohio County Children Services Agency), Begin Date (10/01/2021), End Date (10/31/2022), Match Score (4.0), and Duplicates Created By. A 'Search' button is present. Below the search criteria, the 'Duplicate Persons Search Results' section shows a table with columns: New Person Name, New Person ID, Existing Person Name, Existing Person ID, Creation Date Of New Person, Match Likelihood Score, Duplicates Created By, and Exclude. A 'Merge' link is highlighted in a red box in the first row of the results table.

The **Retain Person / Remove Person** screen appears.

2. Refer to the **Merging Duplicate Persons** Knowledge Base Article for specific steps on completing a person merge.

**Important:** This record exclusion can be reversed. See the steps below to do so.

## Including a Person Record that should not have been Excluded

If you excluded a person record, but later determined the record should be included in future searches, complete these steps to change the status:

1. Navigate to the **Excluded Match Search Criteria** screen using the steps previously discussed.
2. Enter the appropriate filter criteria in the fields at the top.
3. Click the **Search** button. The results appear in the **Excluded Match Search Results** section.
4. Click the **Include** check box in the appropriate grid row.
5. Click the **Include as a Potential Match** button.

The screenshot displays the 'Excluded Match Search Criteria' and 'Excluded Match Search Results' sections. The search criteria include Agency (Ohio County Children Services Agency), Begin Date (10/14/2021), and End Date (10/31/2022). A 'Search' button is highlighted with a red circle. The results table has columns for New Person Name, New Person ID, Existing Person Name, Existing Person ID, Creation Date Of New Person, Match Likelihood Score, Duplicates Created By, Reason for Exclusion, and Include. The first row has a checked 'Include' checkbox, which is also highlighted with a red box. At the bottom, there are buttons for 'Apply Reason(s)' and 'Include as Potential Match', with the latter highlighted by a red box.
