Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

Overview

This article provides step-by-step instruction for processing an incoming ICPC request through the **National Electronic Interstate Compact Enterprise (NEICE)** system.

ICPC Security

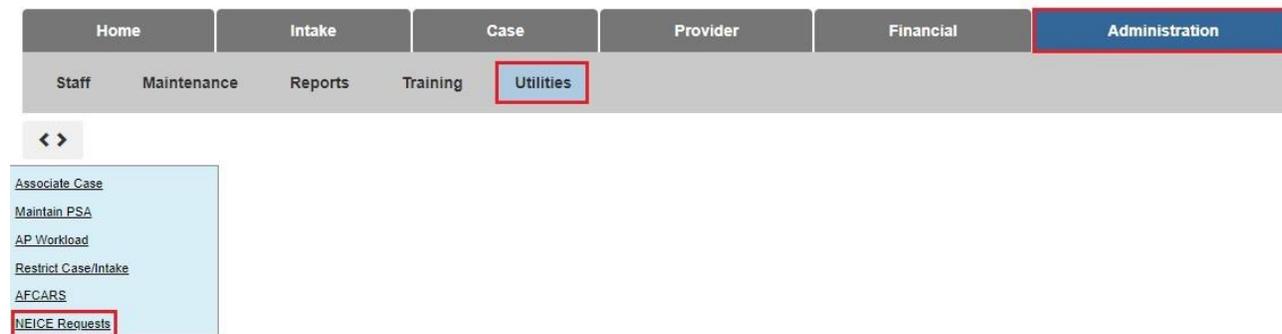

- Any Worker with access to the case may view an ICPC record.
- Assigned workers (including the supervisory chain of command) can edit ICPC records for their own agency.
- ICPC and ICAMA - ADCA Administrator can edit records for their own agency without assignment. These workers receive an email notification when a communication is received from another state through NEICE.

Note: The Assistant Deputy Compact Administrator (ADCA) must also have Screener security user group rights to process the NEICE requests. Screening Decision Maker is optional, depending on agency procedures.

Processing an Incoming ICPC Request from NEICE

From the Ohio SACWIS home screen:

1. Click the **Administration** tab.
2. Click the **Utilities** tab.
3. Click **NEICE Requests**.

The **NEICE Requests** screen appears.

4. Click the appropriate **NEICE ID** hyperlink in the **Incoming NEICE Requests** grid.

Note: If you click, **Most Recent Activity** on any entry in the **Incoming NEICE Requests** grid, the screen will expand to display a brief, general description of the most recent communication on the Request. Once the screen has expanded, you can click **view** to directly access that communication.

Important: When you receive an incoming NEICE request, review the request and the documents to make sure it was sent to the correct agency.

Important: If you wish to see, download, or print the ICPC Form 100A (or any other form) that is listed in the Documentation/Attachments grid, be certain to click the actual document link (located on the far right of the document row). If you click **view** (located on the far left of the document row), you will see only information about the document.

You can also review **Attachments** by navigating to the **Attachments tab**.

Once you have reviewed the initial Placement Request and documents, you have several options:

- You can click **Create Intake**. This is the correct action when the request is accepted and will be processed by your agency; or,
- You can click **Close** on the **NEICE Communication Details** screen and return to the **NEICE Request Details** screen to create a communication. (Refer to the Creating a Communication section later in this article.) For a new placement request, this would usually be done only if additional information is needed to determine the request has been sent to the correct agency and is ready to process; or,
- If the request should have been sent to another PCSA or to the ODJFS Central ICPC office, please send an “Additional Information” communication to advise the sending state to re-submit to the correct agency. Once they have re-sent the request, it will disappear from your NEICE list page.
- If you receive an email notifying you of a new NEICE request, and you do not see the request in your incoming list, please contact the [Customer Care Center](#) for assistance.
- If you have already created an intake and/or case before realizing the request belongs with another Ohio agency, please contact the [Customer Care Center](#) for assistance.
- When you receive an incoming request and determine that it does belong to your agency, create the intake and case and make the ICPC record Active as soon as you have enough information to do so.

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

- Requests should not be rejected due to missing documents or information. If there is sufficient information to determine it is a valid request for your agency, you should create the case and document the request for additional information and the date it was received.

Creating an Intake

If, after reviewing the request communication, you determine the information in the Placement Request is correct and should be processed by your agency:

1. Click **Create Intake** on the **NEICE Communication Details** screen.

Note: You can also create an **Intake** from the NEICE Requests screen by selecting **Create Intake** from the **Actions** drop-down menu in the **Incoming NEICE Requests** grid.

3. Click the **search** link beside the child's name.

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

The screenshot displays the 'Participants' tab in the ICPC system. On the left, the 'Intake Narrative' section shows a request from Arizona for relative placement. The main area is divided into 'Participants' and 'Participants Relationships'. The 'Participants' section lists a search result for 'Test, Child', a 'Child/Youth Subject of a Non-CA/N (Child/Youth Subject)', with a 'search' button highlighted. The 'Participants Relationships' section states 'No relationships exist.' At the bottom, the 'Intake Status' is set to 'Pending' with 'Apply', 'Save', and 'Cancel' buttons.

The **Search & Add Participants** screen appears with pre-populated information on the listed person.

Note: Search criteria shown on the page may be deselected by unchecking the box(es) in the grey “search using” box below. This is especially important if the child’s SSN was sent through NEICE. If SSN is included in the search criteria, the system will ONLY search on that field when you click the Search button. If the person exists in Ohio SACWIS, but the SSN has not been previously recorded, the person’s information will not be returned in the search results.

For more information about searching a person(s) to add as a Participant(s), please see the following KBA: [Adding Intake Participants](#)

4. Click **Search**.

The **Intake Workspace** screen appears, displaying the added individual (now with a Person ID number) in the **Participants**.

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

Note: Only the children for the NEICE request will be participants. The proposed placement resource should not be added.

5. Select **Complete** on the **Intake Status** drop-down menu.
6. Click **Save**.

Note: Once the status is Complete, if you have **Screening Decision Maker (SDM)** security rights, you will get a **Decision** tab. Click the Decision tab and go to the **Making a Screening Decision** section below. If you do not have Screening Decision Maker security rights, you will not get the Decision tab on the Intake. The Intake will be on the Intake workload for the SDM to record the decision and then link to a case according to your agency procedures.

The screenshot displays the 'Decision' tab in the ICPC system. The top navigation bar includes 'Reporter', 'Basic', 'Participants', and 'Decision', with 'Decision' highlighted. Below this, the 'Participants' section shows a single entry for '121212 - Test_Child (xxx-xx-xxxx)', identified as a 'Child/Youth Subject of a Non-CA/N (Child/Youth Subject)'. The entry includes details such as 'Female 1, 04/03/2022' and a 'History' link. The 'Participants Relationships' section below it states 'No relationships exist.' At the bottom of the interface, the 'Intake Status' is set to 'Complete', with 'Apply', 'Save', and 'Cancel' buttons.

The Decision tab screen appears.

Making a Screening Decision

1. Select **Screened In** from the drop-down menu under **Screening Decision**.

Note: If an Intake for a NEICE request has been created, it must be screened in; the Intake cannot be deleted, nor screened out. If an intake was created in error from a NEICE request and should not be screened in, contact the Ohio SACWIS Help Desk.

2. Once you select Screened In, Enter **Date & time of screening decision**.
3. Click **Save**.

Ohio SACWIS Case Member Details

Complete the following steps for the Services and Documents tab.

1. Select **Yes**, or **No**, from the **All information received?** drop-down menu.

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

Note: If **No** is selected, the screen will expand, and you will need to complete the **Describe missing information** field and record the **Date request for missing information was sent**.

Not sure if you have all of the information you need for this placement? [Review the checklist resource.](#)

All information received? No

Describe missing information:

Date request for missing information was sent: Date all information received:

Status: * Active Apply Save Cancel 08/01/2024 03:16:52 PM

2. Select **Active** from the **Status** drop-down menu.

Upload Document

Not sure if you have all of the information you need for this placement? [Review the checklist resource.](#)

All information received? Yes

Status: * Active Apply Save Cancel 08/01/2024 03:16:52 PM

If all required information is complete, the **Results & Decisions** tab appears.

Note: The fields on this tab will be used later to record the approval or denial of the placement request, the exchange of required documentation, and the Medicaid effective date, as applicable, once a child is placed into Ohio.

Note: If any required fields were not populated from NEICE, Ohio SACWIS will display validation messages. You may need to refer to the documents in the **Documentation/Attachments** grid to complete the required fields.

3. Click **Save**.

Status: * Active v Apply Save Cancel

Important: As you receive information regarding the placement of the child, you must return to the Results & Decisions page to enter the subsequent information. When

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

information is added, the screen will populate with additional fields that will need to be completed.

Important: A child placed into Ohio does not have to be IV-E eligible to receive Ohio Medicaid but must be in the custody of Children Services in the sending state. Please note that when the ICPC for the child is terminated, the Medicaid established from this ICPC record will also end. Therefore, a relative caregiver may wish to apply for benefits/Medicaid for the child directly through the CDJFS instead.

Important: The 1st Legal Custodian / Guardian will pull from the Legal Custody Termination screen when the Legal Guardianship record is automatically created as part of the custody termination.

To establish Medicaid for a child in the ICPC record, you will first record the Ohio Medicaid Effective Date on the Results & Decisions tab. Once the span has been created, a Managed Care Plan (MCP) Coordinator for your agency must go to the Financial>Eligibility>Medicaid Eligibility page to select an MCP for the child to complete the process. The child should also display on the Agency Medicaid Eligibility Roster Report for your agency.

For more information, please refer to the following article: [Viewing Medicaid Eligibility and Selecting a Managed Care Plan](#).

Creating Communication

When it is necessary to provide information or documents to the sending State, you will create a communication.

1. On the **NEICE Request Details** page, make a selection from the **Communication Type** drop-down menu.
2. Click **Create Communication**.

NEICE Request Communications

Showing 1 communications:

	Communication Status	Date	Communication Type
view	Received	09/27/2023	Placement Request

Communication Type:

The **NEICE Communication Details** screen appears.

3. Enter information in the text box, located in the **Communication Summary** grid.

Completing an Incoming Interstate Compact on the Placement of Children (ICPC) Request from NEICE

4. Place a checkmark in the boxes for **Sending Preliminary Home Evaluation** and/or **Sending Provisional Decision** if applicable.

Note: These options only appear if you chose **Additional Information** as your Communication Type. Sending Provisional Decision requires the Provisional Approval or Denial to first be recorded in the ICPC record.

5. In the **Communication Status** drop-down menu, change the **Communication Status** from **Pending** to **Completed**.

The **NEICE Communication Details** screen appears, displaying the following message: **Your data has been saved**. If you have ADCA Security, a **Send** button will display.

6. Click **Send** to send the communication to the sending state via NEICE.

The screenshot shows the 'Communication Summary' screen. At the top, there is a blue header bar with the text 'Communication Summary'. Below this, the 'Communication Type' is set to 'Additional Information'. A red box highlights the 'Communication Comments' section, which contains a text area with 'Test Narrative' and a link to 'expand full screen'. Below the text area, there is a message: 'If this transmittal is for the purpose of sending a Provisional Decision and/or Preliminary Home Evaluation, check the applicable checkbox(es):'. There are two checkboxes: 'Sending Preliminary Home Evaluation' and 'Sending Provisional Decision'. At the bottom of the screen, there is a dark grey bar with a 'Communication Status' dropdown menu set to 'Completed', and buttons for 'Apply', 'Save', 'Cancel', and 'Send'. The 'Send' button is highlighted with a red box.

The **NEICE Request Details** screen appears, displaying the following message: **Communication has been sent**.

7. Click, **Close**.
