Identifying a Qualified Residential Treatment Program (QRTP) in SACWIS

Overview

This article describes how users may identify whether or not a congregate care facility (Children's Residential Center, Group Home or Residential Parenting Facility) meets the standards to be designated as a Qualified Residential Treatment Program (QRTP). This compliance will be displayed in several areas within SACWIS, as outlined below.

Note: All QRTP eligible agencies will display a Compliance record with the value of **Compliance Not Determined**, effective 10/01/2020, which is the first eligible date for an Agency to achieve this designation. State Licensing Specialists will add a Compliance or Non-Compliance record in SACWIS for each Agency and the effective date of the status as they receive this information.
