TEAM Ohio User Guide

Overview

This guide describes how to use **TEAM Ohio** as a Mandated Reporter. This portal was created to allow users to submit referrals of suspected child abuse, neglect and/or dependency.

Important: If you believe a child is in immediate danger of serious harm or immediate action is needed to ensure child safety, please call law enforcement and then the local children services agency. If you need the phone number for the local children services agency, call the state directory at 855 O-H-CHILD (855-642-4453). Please do not use TEAM Ohio for reporting emergency concerns.

An emergency means you have reason to believe that a child is threatened or alleged to be abused, neglected or dependent to the point that the child is in immediate danger of serious harm (life threatening or substantial physical suffering).

Please note that as you proceed through the referral process, you may cancel your report at any time prior to submission.

TEAM Ohio is for referrals that are **non-emergency** and **do not require immediate action**.
An emergency means you have reason to believe that a child is threatened or alleged to be abused, neglected or dependent to the point that the child is in immediate danger of serious harm (life threatening or substantial physical suffering).

I have read the statement above and, to the best of my knowledge, I believe that the concern I am reporting is NOT an emergency and does NOT require immediate action.

Are you making this report as part of your employment and mandated reporter duties?

TEAM Ohio was created for mandated reporters to submit concerns of suspected child abuse and/or neglect. If you are not a mandated reporter, contact your local children services agency to submit the referral. The state directory will connect you to the local children services agency at 855 O-H-CHILD (855-647-2627).

On the right side, there is a 'Steps' section with a blue circle next to 'Confirmation Page'.

- If you click **Yes**, the system will present the button to select **Proceed to Referral**.

The referral will automatically be sent to the appropriate Public Children Services Agency (PCSA) for review within 24 hours. In this review, the PCSA will determine whether the

TEAM Ohio User Guide

reported concerns meet state guidelines for agency involvement and if law enforcement notification is required.

When a decision has been made on the referral, an email notification will be sent to you with the updated status. If agency involvement was initiated, an email notification will be sent to you at the conclusion of the assessment/investigation.

Screening Decisions:

- **Screened In:** This status means that the PCSA will be opening an assessment or investigation regarding the referral that was submitted.
- **Screened Out:** This status means that the PCSA determined that the referral submitted did not meet criteria to open an assessment or investigation.
- **Referred to Other County:** This status means that the PCSA that reviewed the referral determined that another county PCSA held jurisdiction over the decision. The receiving PCSA sends the referral to the appropriate PCSA, who then decides to screen in or screen out.

If you become aware of further concerns for children you have reported on, a new referral should be submitted through TEAM Ohio or by contacting the county agency directly. If you obtain additional information regarding a family that you feel the PCSA should be aware of, please contact the agency directly.
