Release Notes for SACWIS Build 1.119
(Scheduled for release on 3/29/2012)

The defects listed below are scheduled for release in this build.

Release in this build is dependent upon successful testing of the fix for each defect.

Defects that are not successfully tested by the closeout time for this build will be rescheduled for a subsequent build.

Functional Area	Defect ID	Remedy Ticket#	Report ID	Summary	Release Notes
CASE	15167		180, 181, 182, 070	CF50 Move launch point for 4 Reports from Court page to Forms and Notices	Due to the Court Module changes, these four (4) reports have been moved to the Case - Forms/Notices. These reports are: The JFS 01645, Initial VAC, The JFS 01645 Part II 1st and 2 extension, The JFS 01645 Part III VAC Termination, and The JFS 01666 Permanent Surrender.
CASE	16041			CM04 Created in Error Initial Removal record is not being overlook on Living Arrangement	Created in error initial placement records are now being identified, thus system is now permitting creation of Living Arrangement Records on children with these created in error initial placement records. Previously, system was not recognizing the created in error records, thus displaying error message identifying overlapping initial removal record.
CASE	16042	65178		CM05 - Unable to Finalize Recommended Case Plan	User can now Finalize Recommended Case Plan when there is a Closed Family Service Plan and a Recommended Case Plan that has the same version number.
CASE	15163			CM07 - Initial Removal Impact due to Custody Episode and Legal Status changes	Due to the Court Module overhaul, a the Initial removal legal status field is display only (no longer user selectable).
CASE	15164			CM09 - Placement Impact due to Custody Episode and Legal Status changes	The placement end date and discharge now verify the Agency legal status record.

CASE	15505	63050		CM30 - Activity Log Enhancement	The activity log 'Responsible Worker' drop down will now display the workers that were assigned to the case on the 'Start Activity Date'. Please Note: the calendar function will not refresh the 'Responsible Worker' menu, the date must be typed into the 'Start Activity Date' field to refresh the menu.
CASE	1745			CM30 - Allow "Previous" and "Next" scrolling from activity log details pages	Previous Activity Log and Next Activity Log buttons have been added to the Activity Log screen to allow the user to navigate throught the activity logs in the filtered list without returning to the filter page.
CASE	15792			CM30 - Case Activity Log - bad dates are causing actiivity logs not to display in the application	"Early dates" (prior to 1900) will now display in the Activity Log list when the "view historical" filter selection is enabled.
CASE	13102	50444		CM30 - Widen the intake boxes	The initial contact check box has been moved down on the activity log to allow more space for the intake push boxes. The wider 'Available Intakes' and 'Selected Intake' boxes will allow for the entire Intake number and date to be visible.
CASE	16004	65140		CM45 - Add birth date to case participant drop-downs	The Child Name and Member Who May Visit dropdowns within the Visitation Plan have been updated to include the date of birth next to the name.
CASE	12309			CM45 - Record Visitation Plan - Visitation Plan shows as linked to case plan when it is not	When a new Visitation Plan is unlinked from a case plan, the status will revert back to Completed if it has not been linked to a prior case plan.
CASE	14213	50546		CM45 - Visitation Plan incorrectly list sibling information	The Visitation Plan will only display sibilings that a sibling type relationship to the child identified on the visitation plan.

Release Notes for SACWIS Build 1.119
(Scheduled for release on 3/29/2012)

CASE	15008			CM52 - Update Case Transfer for new AR Agencies	The new 7 AR counties will now be able to transfer AR cases to other AR counties and also receive transfers of AR cases from other AR cases.
CASE	13365	51669	Rpt118	RPT 118 - Activity Log report generating activity logs for different case	
COURT	2078	6184		CM01a - Annual Review Hearing Needs Scheduled Tickler	The Annual Review Hearing tickler has been corrected.

COURT	1950	671		CM01ef - Sunset tickler at one year doesn't dispose unless extend TC subcat is picked	The Sunset tickler has been corrected.
COURT	15226			CM01h - Update the reference value table for Rulings Received and Complaint and Motions Preferred Primary Dispo	Update the reference value table for Rulings Received and Complaint and Motions Preferred Primary Disposition to be the same.
COURT	15840			CM04- Living Arrangements Overlap	System now prevents user from entering Living Arrangement Records with overlapping timeframes. Error message now displays indicating "Entered date cause a living arrangement date overlap".
FEDERAL REPORTING	15024	59806		Report 33 - Disposition Letter to Licensing or Supervising Authority	The list of caseworker's that were assigned at the time of the intake disposition will be listed on the parameter page.

FINANCE	15888			Financial Workload Enhancements to the Enhancements	The following updates were made to the Financial Workload and its associated links (My Assignments, Manage Assignments and Unassigned Children): 1. Title for Workload tab name changed from 'Workload' to 'Adoption Subsidy Workload' 2. For search screens, included sort capability for subsidy type 3. Added 'Last Review Date; to the adoption subsidy search results screen 5. Subordinate names in the dropdown lists are in alphabetical order 6. On the Manage Assignments screen, the button label names changed from 'Removed Selected' to 'Unassign' and from 'Transfer Selected' to 'Transfer' 7. On the Assign Work Item screen (from the Unassigned Children link), column names changed from 'Work Item ID' to 'Person ID' and 'Work Item Reference' to 'Adoption Subsidy Record(s) to Assign 8. On the Assign Work Item screen (from the Manage Assignments link), column names changed from 'Work Item ID' to 'Person ID" and 'Work Item Reference' to "Adoption Subsidy Record(s) to Transfer 8. On the Employee Assignment Screen, column names changed from Work Item ID' to 'Employee ID' and 'Work Item Reference' to 'Employee Name.'

FINANCE	9100			FM 15a--Language Error When Approving Reimbursability Record	The confirmation message that appears upon saving a newly determined reimbursability record has been corrected. Prior to the fix the message read, "Reimbursability has been determined for the child.nSaving the record will freeze from further updates." After the fix, the message now reads, "Reimbursability has been determined for the child. Saving the record will freeze from further updates."
FINANCE	15900			FM06 Foster Parent Training Payment Exception	The exception is no longer being received and payment requests are being generated for pre-placement training sessions once a provider is licensed.
FINANCE	15810			FM06 Manual payment was able to be created for 103 days/units over a 4 month span	Edits have been placed in the system that will prevent the user from creating a manual placement payment for a time span greater than one month.
FINANCE	1680			FM13 - Change claim number to alphanumeric	When entering a Benefit Claim Number in the Financial>Benefits>Client Benefit Accouts area, the Benefits Claim Number field has been updated to accept up to 20 alpha numeric characters including dashes, slashes and symbols.
FINANCE	11175			FM15a - Need to default the filter on the Adoption Subsidy Disbursements screen to Payment Start Date descending.	When the user searches adoption subsidy payments the payments will now appear in descending order with the newest or most recent subsidy payment displayed first. This was implemented in Build 108, however the time it took for the results to display was in excess of three minutes. In Build 109 the time is reduced significantly.

FINANCE	5594			Fm15a - Other Financial Resource Amount should not include last day of placement	The reimbursement process was adjusted to account for upaid leave days when calculating the Other Financial Resource Amount on the State Payment. The Last Day of Placement adjustment was already being considered by the process.
FINANCE	11177			FM15a - Retain screen position when using the expando (+) on the Adoption Subsidy Disbursements screen	A system modification has been made which retains the screen position of the adoption subsidy disbursement record being viewed when using the expando (+) on the Adoption Subsidy Disbursements screen.
FINANCE	15290	60002		FM15a- Foster Parent Training Reimbursement Pre-Service Exception	The system is accurately reimbursing pre=placement training sessions paid within 60 days of the provider license date.
FINANCE	14991			FM19 - New TPR values added applicable to AA eligibility	When creating an adoption subsidy record, and when any of the below listed values are selected in the Court Rulings Received area, the TPR (Termination of Parent Rights) requirement (for mother or father) is met as evidenced by the TPR Ruling Date populating into the Adoption Subsidy record, Special Needs Criteria area. **TPR Mother – Deserted Child Safehaven Baby** **TPR Mother – Involuntary Due to CA/N Dependency** **TPR Father - Deserted Child Safehaven Baby** **TPR Father – Involuntary Due to CA/N Dependency**

FINANCE	15813			FM19 - Prevent User Who Does not Have Appropriate Security from Viewing Report Link via the Adoption Subsidy Record if child is Sealed/Secured	Before the defect was corrected in the system, a worker that did not have the security profile "Closed/Sealed Adoption Reviewer" was able to view a child's pre-adoptive or bio person id from the adoption subsidy record by clicking on the 'report' link that appeared next to the subsidy record. Since the fix has been implemented, the report link does not appear for a worker that does not have the "Closed/Sealed Adoption Reviewer" security profile. This disables the capability to view the child's bio/pre-adoptive id which by reason of confidentiality is prohibited from view for those without appropriate system security.
FINANCE	15161			FM20 and CM01e – Eligibility Impact due to Agency Legal Status changes	Due to the Court Module overhaul, there are Eligibility Impacts due to Agency Legal Status changes.
FINANCE	10352	40510		FM20 Minor Parent Living with Parent(s) Budget Worksheet	Income recorded for a minor parent's parent is being appropriately pulled into the 'Minor Parent Living with Parent' worksheet and is being added into the need standard worksheet.
FINANCE	16098			FM21a User unable to edit or delete reimb record if legal status is ended	Edit link is now available for selection on reimbursability records where the legal status end date precedes the sysdate. If the record is in pending status it must be completed prior to the user being able to end date.
FINANCE	15839			FM25a - Exchange Information with MITS - Remove non-alphabetical characters and spaces from the First Name, Last Name and Middle Initial fields in the 330 interface file to be sent to MITS from SACWIS	The coding in the daily Exchange Information with MITS batch job was updated to remove xml restricted characters (&, >, <, ", ') in the Recipient First Name, Last Name and Middle Initial fields prior to sending to MITS so that records containing these characters in the recipient name fields could be passed to MITS without producing an error and being rejected.

FINANCE	9242			FM27/28-Pre and Post Adoptive Person Names and IDs are Both Displaying on Financial Workload	
FINANCE	15892			FM28 - Financial Workload - Manage Assignments - Post-Adoptive Person Work Item Cannot be Assigned - Pre-Adoptive Person Work Item being assigned instead	On the Financial Workload, when an adoption subsidy record (which initially displayed the post-adoptive name/id) was assigned to a worker from the 'Unassigned Children' queue, the pre-adoptive name/id would display on subsequent assignment screens. Correction has been made so that the post-adoptive name/id displays consistently throughout the assignment task screens to completion.
FINANCE	15769			FM32b - System will not allow the entry of the current system date as the effective date of a Medicaid Mailing Override Address record when a previous override record does not exist	A system correction has been made which allows Medicaid Mailing Override Address records to be entered for providers with an effective date equal to the current system date when no previous Medicaid Mailing Override Address records exist for a provider.

FINANCE	15030			RPTJFS_42 81	FM33 - Add IV-E Type Placement Day Count Columns to 4281 Statewide Detail Report	Four new columns have been added to the Statewide Detail Report: Average Daily Placement Count - Total placement days in the quarter divided by the number of days in the quarter

IV-E Type Placement Days - Total placement days in the quarter where the placement type is adoptive placement, certified approved relative, certified CRC, certified foster home or certified group home

IV-E Type Eligible Placement Days - Total IV-E Type program eligible placement days in the quarter

IV-E Type NR Eligible Placement Days - Total placement days in the quarter where the placement type is adoptive placement, certified CRC, certified foster home or certified group home

IV-E Type NR Eligible Placement Days - Total IV-E Type NR program eligible placement days in the quarter |
| FINANCE | 15800 | | | | FM33 - User Override Functionality for Parts I and II of 4281 | New fields have been added in Part I and Part II of the 4281. The user now has the ability to enter child counts and expenditure information for non-SACWIS derived Independent Living costs. |
| FINANCE | 15487 | | | | Recoupment Payment Requests not appearing on roster for processing. | The system is now accurately accounting for the Action selected within the Invalid payment record. |

FINANCE	16046			Rpt. 239c -- ID numbers displayed as numbers.	The Foster Parent Tracking Allowance/Stipend Disbursement Journal -- Report 239c has been modified to change the formatting of the Session ID, Member ID and the Provider ID fields from 1,000 comma formatting to general number formatting. These fields are now correctly displaying on the report.
FINANCE	16013			Update Financial Config for Private Agencies	SACWIS has been updated to permit the creation of foster parent training session payments for private agencies effective March 1, 2012.
INTAKE	15498			CM49 - Ongoing AI Validation Issue	Users must complete the Risk Reassessment in order to validate the Ongoing AI for approval.
